## **PEAKS ISLAND NEIGHBORHOOD ASSOCIATION NEWS**

On July 10, PINA sponsored the annual presentation by the board and management of the Casco Bay Lines to the residents of Peaks Island. Discussion concerned:

- Terminal renovation: Related to Ocean Gateway planning, renovations will enhance the waiting area, segregate ferry passengers and freight, and improve traffic flow. Some suggestions were to provide secure bicycle parking, build an islanders-only parking garage (waterfront development will eliminate our mainland parking lot), and do not build public/tourist bathrooms.
- Fares: Answering concern about increases, board and management promised to keep rates as low as possible but pointed out that winter rates make the average annual fare to only \$2.50 per round trip.
- Funding: CBL receives virtually no state money for operating expenses, unlike other ferry services. Board members will press for an operating subsidy but need islanders to contact their legislators.
- Quality of life: Board members were urged to consider ferry services/rates in the context of quality of life on the island, e.g., development, cost of living, number of tourists, volume of cars. While ridership figures are available, no data on such impact is currently being collected. Board members noted regular postings of CBL meetings and invited residents to attend and express their views.
- Bicycles: The high cost of bringing bicycles on the ferry hampers Maine's goals for multimodal transportation. Board members agreed that bicycle tickets are expensive but explained that day trippers in effect pay most of the bill while islanders can buy bicycle commuter books and monthly passes.
- Management: Recent newspaper articles painted an unfavorable picture of human relations in the CBL. Management answered that it had already dealt successfully with these "tough and sensitive" personnel issues and that current relations were excellent. It promised continual attention to this area. PINA president Bob Hurley reminded attendees of the annual general membership meeting and election of new officers on Tuesday, August 14, 7:30 PM in the community center.

### **THE CITY PAGE**

**THOMAS FORTIER, ISLAND/NEIGHBORHOOD ADMINISTRATOR**

**TEL. 756-8288 E-MAIL: [TAF@CI.PORTLAND.ME.US](mailto:TAF@CI.PORTLAND.ME.US).**

**The annual island tour by City Councilors and City Department heads will occur on Friday, August 10<sup>th</sup>, 2001. This year, the goal of the tour is to be more substantive and less perfunctory. The tour will include on site visits to several key issues on Peaks Island followed by a public meeting at the community center at 1:00pm. Please consider attending this meeting. City staff want to know what has gone well this past year as well as your thoughts and concerns of the future.**

**Be on the look out for a Peaks Island specific "comprehensive survey" in the next couple of weeks. This survey will seek your input to several key issues and long term planning for the Peaks Island community.**

**Did you notice the improvements on the Centennial boat ramp? Government Pier? New and improved "Green hart" pilings will replace the southern yellow pine pilings at the public float and Government pier. These pilings will stand up to rough weather and are not susceptible to marine Limnoriade (wood louse).**

## OCEAN GATEWAY: IMPORTANT CITY COUNCIL MEETING

Residents are reminded of the meeting of the City Council on Monday August 6, 7:30 PM in council chambers at City Hall. The Council will vote on the proposal to move the Scotia Prince operation to the former Bath Iron Works area, an important first step in the development of the eastern end of Portland's waterfront as part of Ocean Gateway.

## PEAKS ISLAND LAND PRESERVE

PILP's Annual Meeting took place at the Fifth Maine Community Center on July 27th. The Land Preserve's newest conservation easements in the past year-- on 98 acres of city-owned land, and two smaller parcels -- were noted. And the need to collect baseline data for these parcels, and for Battery Steele and other PILP-owned acreages, was explained to the membership. Regular inspection and cleanup of all these areas of Peaks Island, which are for public use, in their natural state, is an ongoing task. So is fund raising. Land was purchased by PILP out of funds previously saved -- and this must be replenished to make future purchases and activities possible.

Committees are now formed to carry out all these tasks-- and help of assorted kinds, from members and others, will be gratefully received!

The board of PILP will meet next on August 1, at 6:15 pm, at the Brackett Memorial Church. The board will elect its officers for the year at that time.

From Rhonda Berg, BOOK SALE Chairperson Extraordinaire

THANK YOU to everyone who made the Friends of the Peaks Island Library book sale a fabulous success. Special thanks to those who lugged books up from Luisa's basement and over to the community center (and to Luisa for letting people store them there) and to those who lugged tables up from the Catholic Church basement and back again (and to the Catholic Church for letting us use the tables). The coffee and muffin sales were also very successful. Thanks to everyone who did the baking and buying and to Patti for organizing it all. The *worker bees* who sorted box-load after box-load of books, kept straightening and handing bags out and who cleaned up afterwards, you are wonderful. The book donations were generous with many current titles. Good work, Peaks Island, for reading, donating and buying great books and for supporting our library. (THANK YOU, Rhonda! -ed.)

If you did not sign up to be a Friend of the Peaks Island Library at the book sale, now's the time to do so. Memberships run from July to July, so if you already are a Friend, it is time to renew.

### Peaks Island Children's Workshop

It doesn't seem right that summer is already ½ over! Where did all our beach days go?

All is well at the workshop; the transition of Janine Blatt leaving and Colleen O'Halloran beginning has been a smooth one. The children continue to be very busy with summer outings and lots of fun projects. The School Age "rovers" have been visiting Crescent beach on Fridays and really enjoy the waves!

### FAMILY BEACH DAY!!

*Limited spaces are available.*

*The Peaks Island Children's Workshop would like to open an invitation for families to attend our Friday beach trip to Crescent Beach State Park.*

*We leave Peaks on the 9:45am ferry and return on the 2:15pm Portland ferry. Families are responsible for ferry and beach fare and the supervision of their own child/children. (child/children must be at least 5 yrs. old) The group will accompany the PICW "Rovers" on a VIP charter bus for transportation to and from the beach.*

*Give us a call to reserve your spot now! All calls should be made no later than Thursday of the week.*

A big thanks goes to Jones Landing and The Parrott Head Club of Maine. Jones Landing hosted this summer party event at the end of June and the Jimmy Buffet fan club donated its raffle proceeds to our programs. They also donated the "3 food item" cover charge to our Island Food Pantry. Thanks again for all your support.

Another big thanks goes out to Kimberly Edwards! A percent of her weekend Clothing sale was donated to the Children's Workshop. Thanks to all the shoppers and thanks again to Kimberly for her donation support. Our non-profit facility continues to grow with the help of such wonderful people!!

A big thank you goes out to the Peaks Island community for making the 2<sup>nd</sup> annual "Jump and Pump for Your Good Health" a huge success. Fifty-six people signed in for the blood drive and \$400 was collected for the American Heart Association. Peaks Island should be proud of itself! Special thanks go to the Peaks Island Lions Club, the blood donors, the "Jump for your Health" participants and those who made pledges, the volunteers that helped out that day, the volunteers who made phone calls and who helped publicize this event, and the bakers who made home-made cookies and brownies. See you next year!
